# ABOUT COMPANY

Richard Gallion Entertainment was founded in 2017 in Chicago Illinois by writer, director, and actor Richard Gallion. Many of Chicago's favorite plays, talents, and classes have formed over the years from RGE. The love for acting and pouring into children and adults is what motivated the opening of the company. As we continue to grow, our shows are being taken on the road, and classes are being offered to schools to give opportunities many never thought they may receive.

Richard Gallion entertainment has and continues to open doors to many. Our company operates professionally, looking only to offer quality performances and services.

# WHAT WE DO ?

## Emerging youth in the process of learning dance, acting, producing, and set building

Instructors from Richard Gallion Ent. are made up of youth, adults, professional actors, and dance choreographers who have been trained and carefully selected. Each employee understands their role has a significant impact on each child. Our goal is to highlight the talent many do not know they have, and contribute in enhancing the gifts many already have acquired. We pride ourselves in the ability to assist in helping children grow in theater and dance. This allows for them to find a potential passion early in life, which helps in developing discipline and focus. We aid in developing skills that improve enunciation, projection, confidence, coordination, and becoming good actors/dancers. We look to not only develop their skills, but to assist in improving their quality of life.

# PERFORMING ARTS BREAKDOWN

---
