

RICHARD GALLION ENTERTAINMENT PRESENTS

PREPARED FOR: MALES 4TH-12TH GRADE

# Who We Are

Luminous Gents, is a mentoring program based out of Chicago, IL that is ran by former educator Richard Gallion. Richard has dedicated time to youth around Chicago in hopes of giving them the support needed to excel in all aspects of life. Richard has created various programs that contribute to the growth of adolescents, and continues to be a voice of reasoning to those going down a dark path.

Through this program young men have learned the value of putting their best selves forward. They admire Richard's tenacity and lookup to him as a positive light.

Luminous Gents guides young men to make life changing choices for the better. This program has assisted in helping boys grow into quality men while guiding them through making conscious decisions.

# Discussed Topics

## Choices

We highlight how choices made have a direct impact on ones future.

---

## Self Esteem

Low self esteem has been proven to cause issues that directly deal with menatal health. We work to build confidence to increase self esteem.

---

## Peer Pressure

We encourage adolescents to make their own choices even when it is not the popular choice. We bring confront in being able to be different.

---

## Hygiene

Explain the inportacne of taking care of your body, teeth, etc. We create a safe place where students can ask questions and learn about cleanliness.

---

## Setting Goals and Excelling

We teach students the imporatance of writing down goals, setting completion dates, and completing task. We show them the benefits that rise from finsihing what you started, and going above and beyond.

---

## Suicide Prevention

We have found how imporatanat it is to speak on different points of life that include highs and lows. This allows our students to see they are not alone, and life is worth living.

# What is Gained?

- Positive behaviors and action plans to support the development and growth of our mentees.
- Personal experiences are shared while having open discussions about successes, challenges, and lessons learned to gain knowledge on appropriate ways to handle situations.
- Mentees learn the value of making good choices while breaking down the consequences of making bad choices. This helps gain a clear understanding on how choices affect their lives.
